In the original publication, Appl. Phys. Lett. **87**, 213501 (2005), the power efficiencies of devices with respective 1.6% and 0.8% co-dopant indicated in Fig. 3(b) are not con-

sistent with Fig. 3(a) and those specified in the text. The correct label for the curves should be as shown in the Fig. 3(b) reproduced below. By our careless, Fig. 4(b) did not appear in the original article, the corrected figure appears below also:
